

## **Hygiene Passport**

### **Duration**

5 weeks

### **About this unit**

The certificate in hygiene proficiency - the *Hygiene Passport* creates better possibilities for persons to work in food sector or build up own micro enterprises like a coffee bar or a kiosk. In addition, hygiene skills are important for the whole local society in order to make better life for families.

Hygiene Passport is an e-learning package on

- how to handle, store, prepare, serve and sell food products so that they are clean and safe for customers.
- Correct hygiene procedures with food and drinks in order to prevent significantly a risk of food borne diseases.

Hygiene proficiency is not just knowledge on hygiene; it is attitudes, caring and practicing hygiene. Therefore Hygiene Passport includes learning and practicing hygiene procedures in the context of learners' work. Learners are defining, practicing and documenting in-house hygiene procedures that she/he is committed.

Hygiene Passport - the certificate in hygiene proficiency can be acquired

- by passing a hygiene proficiency test on the Web and
- producing a manual on in-house hygiene procedures.

At the second stage, certificates can be also acquired by learning on the job when tutored by a local Hygiene Passport trainer. The passport is granted for a fixed period of time and it can be renewed by peer auditing of hygiene practices. As a proof of hygiene proficiency the certificate can be posted on the wall for customers.
